SUMMARY

Passionate Data Science student with a strong interest in backend development and AI-powered solutions. Experienced in building projects using Python and Flask, and exploring Generative AI tools. Quick learner who enjoys solving real-world problems through code and collaboration

PROJECTS

Student Internship Management System - Team Lead` Jan 2025 - April 2025

- Developed a full-stack web app using Flask for backend and HTML, CSS, JavaScript for frontend
- Designed user-friendly interfaces with role-based access for students, companies, and admins
- Streamlined internship application and approval processes through automation

YouTube Video Downloader Telegram Bot — Personal Project Dec 2024 - Feb 2025

- Built a Telegram bot using Python and pytube to automate YouTube video downloads
- Integrated Telegram Bot API to fetch user input and send downloadable video files directly in chat
- Designed user-friendly commands for smooth interaction and handled exceptions for invalid links

EDUCATION

Bachelor of Engineering (B.E.), Data Science 2024 - 2027

Anjuman-I-Islam Kalsekar Technical Campus (AIKTC), Navi Mumbai

Diploma in Automation and Robotics 2021 - 2024

Vivekanand Education Society Polytechnic, Chembur

ADDITIONAL INFORMATION

- **Technical Skills:** Project Management, Python, Flask, SQL, HTML, CSS, JavaScript, MySQL, Problem Solving
- **Tools:** Git, GitHub, Replit, VS Code, Jupyter Notebook, Pandas, NumPy, Matplotlib, Vercel
- **Certifications:** Python Programming Certificate — GeeksforGeeks
Database Fundamentals — Scaler Academy
- **Awards/Activities:**
 - Participated in multiple hackathons focused on AI, automation, and backend development
 - Competed in Google Cloud Arcade challenges to strengthen cloud computing skills
 - Received appreciation for building the Student Internship Management System during college project
